How did CFP compare with your expectations?

What career challenges led you to look for a solution like Clarity First?

Being able to communicate to busy Directors and Partners.

How did you make the decision to do this program, why Clarity First?

I was impressed by the free course that Davina offered and decided to be a paid member immediately.

What changes have you seen in your communication?

Answer First Communication – I have prioritized it in all my meetings. Significantly improved my gravitas in my previous firm.

What was the most valuable thing about the program?

Seeing Davina going through a representative situation and breaking down the communication process; and then she puts it all together -- the final overall product is simple, clear, and concise.

This has helped me slow down my process of communication, think about how I will communicate and lay out the structure and THEN, execute on the plan.
