

CLARITY FIRST

PROGRAM

TOM NIZET

MANAGING DIRECTOR

"It goes very deep and wide. If you want to do it, make sure, you have enough time to dedicate to this program."

How likely is Tom to recommend CFP to others?

What career challenges led you to look for a solution like Clarity First?

How to negotiate better, how to be more "inspiring", how to give more key-note speeches. I had it several times that I managed to take the audience on a verbal journey, it was amazing.

How did you make the decision to do this program, why Clarity First?

It was the combination of the content of the program and the personality of Davina.

What was the most valuable thing about the program?

I like to join the meetings. I always learn something and carry it along. The Australian "style" fits me very well I guess.

- Exceeded expectations
- Met expectations
- Did not meet expectations

How did CFP compare with your expectations?

What changes have you seen in your communication?

I think that my visual supports are getting better. In other contexts, I manage to get my message across but I'm not convincing enough and as a consequence, due to other people's opinions, I'm adapting my message and position in stead of trying to convince more or defending my first position(s). More than once, it turned out afterwards that my initial position was better than the "adapted" one. I guess it's because I'm giving away too much information at once and I'm not conscious enough of the strengths/advantages.
